Mrs. W. E. Frost and children and Miss Alice Darling spent last Sunday in Kingman.

J. D. Jordan has gone to Stockton Hill, where he is interested in some promising mining properties.

Mr. and Mrs. Lew Blakely were over from Chloride Saturday last attending a meeting of the Rebekah Lodge.

Ed. Williams was up from the Big Sandy country this week after supplies for the residents along the creek.

Henry Lovin this week sold to Mrs. H. J. Tyrrell a house and lot on Oak street, in the rear of the school house.

Mrs. E. T. Loy arrived in Kingman from Los Angeles Thursday last and left for her home in Chloride the next morning.

There was born to the wife of J. N. Cohenour last Sunday morning a baby girl. Mother and child are getting along very nicely.

Mr. Otterson, proprietor of the Needles and Gold Road stage line, was in Kingman this week. Mr. Otterson is running a daily stage from Needles to Snowball, Leland and Gold Road.

E. I. and Ralph, sons of Mrs. and Mr. G. R. Gooding, arrived from New York state last Tuesday evening. The young men have been at school for a year past.

E. M. Sanford, the big, brainy Prescott attorney, was in Kingman Monday evening last and while here sold to Henry Lovin all his interest in the Gray mines at Stockton Hill.

W. C. Bishop is in Kingman from his home at Stockton Hill. He recently entered into an agreement for the sale of a number of his mining claims in that region, the purchase price to be paid in the next few months.

J. D. Jordan went out to the C. O. D. mine this week and reports that in the west drift from the 300 level the ore is getting better in gold. This drift now has reached a total length of very close to 1,000 feet. In the last four hundred feet there has been a complete change from the old C. O. D. ores, the values now running almost entirely in gold. The mine is really one of the richest in the territory.

W. W. Ross arrived from Los Angeles Thursday morning last and in company of Arthur Edwards has gone to Wallapai mountains, where he is interested in mining. Considerable work will be done on the claims in the next few months. Mr. Ross is opening up a claim that a few years ago was worked for its silver values, but which he has ascertained to run from one to three ounces in gold to the ton.

The baseball boys have arranged for a grand ball at Lake Hall next Saturday night. The ball at the hall last Monday evening was a big success and the boys netted a goodly sum of money. At the beginning of the season it is necessary that the treasury be loaded with funds and the boys take the easiest method to gather it in. Everybody should take a ticket and aid the boys in the work of furnishing amusement for the people in the spring and summer.

Dr. W. E. Sauls, the popular dentist, has opened a dental parlor in Hotel Beale and will at all times be ready to do the very best of work. You can now get guaranteed work at home and save the fatigue and expense of a trip to Los Angeles.

WEAK AND LOW SPIRITED.

A Correspondent Thus Describes His Experience.

"I can strongly recommend Herbine as a medicine of remarkable efficacy for indigestion, loss of appetite, sour taste in the mouth, palpitation, headache, drowsiness after meals with distressing depression and low spirits. Herbine must be a unique preparation for cases such as mine, for a few doses entirely removed my complaint. I wonder at people going on suffering or spending their money for worthless things, when Herbine is procurable, and so cheap." 50c a bottle at H. H. Watkins Drug Store.

When you lack energy, do not relish your food, feel dull and stupid, after eating, all you need is a dose of Chamberlain's Stomach & Liver Tablets. They will make you feel like new and give you an appetite like a bear. For sale by H. H. Watkins, druggist.

Ed. Roberts, who has been mining in this county for a number of years, departed for Tombstone last Wednesday morning, where he will go into business. Mr. Roberts was one of our best citizens and we are sorry to lose him.

James Teeter has gone to the Gold Basin country on business. It is understood that the Salt Springs mining company has some wagons and other property that is not necessary at the mine and are about to dispose of it in town.

James Bone, of Eldorado Canyon, who came in from that camp last week, returned home a few days ago. Mr. Bone has been for some time past at work on the mines recently acquired from James McGregor. The mines are proving good properties and it will be but a short time until they will have sufficient work done on them to require the installation of a milling plant.

Dr. J. P. Wallace came up from the Burro mine a few days ago. He reports that the road has been completed from the Big Sandy to the mines so that a four horse team could get over, but that it needed widening and remodeling before it would admit of freighting over by big teams. He is asking that the supervisors of the county aid him in doing the necessary work of putting the road in thorough condition. Work on the mines will be started up in a week or so and then a small milling plant will be installed.

Carloads of heavy machinery continue to arrive for the Gold Roads company, seven carloads coming in last week. This machinery is being hauled out to the mines daily and it will be but a short time until the big milling plant is completed and turning out its golden stream. Immense timbers for the mill were loaded yesterday and will go out this morning. It will require a twenty-horse team to haul these timbers over the mountain and the amateur photographers were on hand to get snap shots at the big team and its load of timber.

Last evening Mrs. Coral Harrison Sloan, of Chloride, entertained the people of Kingman with elocutionary selections and her young people were pleasing in their pantomime casts, songs and dances. Miss Alta Maxson, the contralto singer, has a most pleasing voice and took the audience by storm. The Misses Watchman and Rodenkirk were especially good in emotional poems and tableaux, while Miss Rodenkirk as Cassius showed histrionic ability. Mr. Sloan has an exceptionally pleasing voice and her elocutionary renditions were the best ever heard in Kingman. While this class of entertainment does not take well with the masses of Kingman people, those who were lucky enough to attend were more than pleased.

Hon. David Southwick was taken from Music Mountain to Hackberry last Monday evening and sent to Kingman on the train. He was so ill and weak that he had to be carried to the Harrington House on a stretcher. Mr. Southwick has been ill for a year past, but had recovered sufficiently to go to Music Mountain in December, where he intended to complete assessment work on his mining property. He was taken ill and it was thought best to send him to town, where he might obtain medical treatment. His friends are doing everything possible for him, but there is no disguising the fact that he is a very ill man. Mr. Southwick at one time was a prominent figure in the politics of this county and represented Mohave county in the legislature on two different occasions. He has been a resident of Stockton Hill for the past thirty years and is the owner of several rich mining properties.

You will miss a great treat if you fail to hear Gavin Spence and Flora MacDonald in "Two Hours at Home," at Lake Hall, March 2d.

Nearly Forfeits His Life.

A runaway almost ending fatally, started a horrible ulcer on the leg of J. B. Orner, Franklin Grove, Ill. For four years it defied all doctors and all remedies. But Bucklen's Arnica Salve had no trouble to cure him. Equally good for Burns, Bruises, Skin Eruptions and Piles. 25c at H. H. Watkins' drugstore.

Death of Samuel Spencer.

Samuel Spencer, son of the late Charles Spencer, died in Kingman last Monday evening. The cause of death was consumption. During his last illness everything possible was done for the sufferer, but it was impossible to retard the ravages of the disease. Samuel Spencer was born in Hackberry about twenty-one years ago and had resided practically all his life in that section. After the death of his father in 1886 he was taken in charge by the late Samuel Crozier and given a good education. He was a quiet, unassuming fellow and was well liked by those who knew him. The funeral took place last Wednesday morning, services being held at the grave by Rev. E. G. Decker.

Last Monday evening, about ten o'clock the alarm of fire was given and flames were observed to be issuing from the residence of Mrs. Ralph Whitney. When the crowd arrived on the scene they found that a window in the bedroom of the house was broken in and the flames were issuing from this window. Had there been water obtainable the fire could have been quenched with little effort, but no water could be found, nor was there an implement of any kind that could be used to beat the fire out. The crowd had to stand passively by and witness the total destruction of the building and contents. Mrs. Whitney stated that the house had been locked up all the afternoon, she having been visiting with her mother. There is little doubt that the fire was of incendiary origin. No insurance.

Hon. A. J. Doran has gone to Prescott and Phenix. We understand that several moneyed men are about to organize a mining corporation for the purpose of operating in this county and that the management of the company will be placed in the hands of Mr. Doran. Jim Doran is one of the best mining men in the territory and has been successful in nearly every instance in the handling of mining property. Notably was this the case in the handling of the Little Jessie mine, in Yavapai county, of which he was receiver. The mine was heavily involved, with little ore in sight. Mr. Doran opened the mine, paid off all indebtedness and turned the property back to the old owner with a nice bank account to its credit and with thousands of dollars in ore reserves in the mine.

This week we received a communication from Delegate Smith regarding the condition of the Wallapai Indians, in which he states that he has called the attention of the department of Indian affairs to the matter and as soon as an investigation can be made as to whether or not the Indians are being treated fairly, the department will be issued to them. Mr. Smith also says that there is not much likelihood of the statehood bill passing at this session of congress unless the opposition are out on a big bluff. Statehood or an extra session of congress is a sure thing.

The birth of a week-old babe at the home of a Chloride resident was announced in the last issue of the Arrow. The editor must have been mixed in his brand of hop.

A number of Chloride ladies and gentlemen accompanied the Sloan Entertainers to Kingman yesterday.

The following letters remain dead in the Kingman office: Wm. Hunter, Ed. Clothier, Wm. Dorn, Sid Shields, Librado Avila.

Cancer Cured.

Mr. W. W. Prickett Smithfield, Ill., writes, Sep., 10th, 1901: "I had been suffering several years with a cancer on my face, which gave great annoyance and unbearable itching. I was using Ballard's Snow Liniment for a sore leg, and through an accident, I rubbed some of the liniment on the cancer, and as it gave me almost instant relief, I decided to continue to use the liniment on the cancer. In a short time the cancer came out, my face healed up and there is not the slightest scar left. I have implicit faith in the merits of this preparation and it cannot be too highly recommended." 25c, 50c, and \$1.00. For sale at H. H. Watkins Drug Store.

Mohave Assay Office

Is a new, well equipped office. Work sent in will be quickly done at a popular price. and

Guaranteed Correct.

Let me send you price list.

F. C. SMITH,
KINGMAN, ARIZONA.

J. C. Noble, who with James Dutton is operating the Climax mine, departed for the east Wednesday evening. Mr. Noble is also interested in several mining properties in the Stockton Hill country, on which he is doing and has done considerable work. He will probably organize a mining company to operate a number of these mines.

Gavin Spence and Flora MacDonald, the greatest of Scotch entertainers, will appear at Lake Hall, Monday, March 2d, in their inimitable Scottish songs, impersonations, and anecdotes. Miss MacDonald has the sweetest of soprano voices, while Mr. Spence has a strong, rich tenor. Wherever they appear they have been greeted by crowded houses, and we predict that Kingman will give them a packed house. They will appear in the ancient Scotch costumes and sing the sweet old songs of the land of Bobbie Burns. Popular prices will prevail.

CURED CONSUMPTION.

Mrs. B. W. Evans, Clearwater, Kan., writes: "My husband lay sick for three months; the doctors stated he had quick consumption. We procured a bottle of Ballard's Horehound Syrup and it cured him. That was six years ago, and since then we always kept a bottle in the house. We cannot do without it. For coughs and colds it has no equal." 25c 50c and \$1.00 bottle at H. H. Watkins Drug Store.

Articles of Incorporation

OF

The Frontier Exploration Company.

Know all men, by these presents, That the undersigned have associated themselves together for the purpose of forming a corporation under the laws of the Territory of Arizona, and we do hereby certify as follows:

First. That the names of the incorporators are, JOSEPH H. BOHON, EDWARD F. HOLLIDAY, EDWARD S. GRAHAM, HARVEY H. DURYEE and HENRY B. ELY. The office of the corporation shall be the Frontier Exploration Company, and its principal place of transacting business shall be at Kingman, Mohave County, Arizona, with a branch office at Redlands, California, and such other places in the United States of America, or elsewhere, as the Board of Directors of said Company may from time to time designate, where meetings of the stockholders and meetings of Directors may be held as provided in the by laws of said company.

Second. The general nature of the business proposed to be transacted is to conduct the business of mining for gold and other metals, and to operate mines and mineral claims; to hold, purchase and locate mineral and other lands; to erect and operate smelters, mills, refineries and other works for reducing and treating ores and minerals; to hold and control Letters Patent and inventions relating to and incident to mining, milling, smelting and reduction of ores and minerals; to carry on and conduct a general mercantile business; to acquire, construct, lease, operate, and maintain, turnpikes and canals leading from the principal works or place of business of said corporation to some navigable stream or to some existing railroad, turnpike or public highway; to acquire by purchase or otherwise, real estate, or to lease or improve real estate; to buy, sell and hypothecate the stocks and bonds of corporations formed for any purpose, and other personal property; to own and manage hotels, stores and other places of business; to irrigate, cultivate and farm lands, and to do a general agricultural business, and to develop lands, water, oil, electricity, and other products.

Third. The amount of capital stock authorized shall be one hundred thousand shares of five dollars each. The said stock shall be issued only for cash, or its equivalent in property or rights conveyed to said company, or for services in behalf of said company, and when issued shall be forever non-assessable. Fifty thousand shares of said stock shall be subscribed and paid in upon the organization of this company.

Fourth. The corporation shall commence upon the filing of its articles with the Secretary of the Territory of Arizona, and shall continue for twenty-five years. The affairs of the corporation are to be managed by a Board of five Directors who shall be elected at the annual meeting of the stockholders in each year, and until such election the undersigned shall act as Directors.

Fifth. The highest amount of indebtedness or liability to which the corporation is at any time to subject itself shall be the sum of one hundred thousand dollars. (\$100,000)

Sixth. The private property of the stockholders of the corporation shall be exempt from corporate debts. These articles of incorporation may be amended by a vote of the holders of three-fifths of the capital stock issued and outstanding at any regular meeting of the stockholders called for that purpose.

Witness our hands and seals this fifth day of February, 1903.

Mortgagees Sale of Mining Property.

By virtue of a power of sale in a certain mortgage deed given by the Arizona and New England Consolidated Mining Company to Messrs. Hayden, Stone & Co., Trustees, dated Jan. 2, 1901, and recorded in the records of the County of Mohave, Arizona Territory, Record Book 2 of Mortgages, page 342, will be sold at public auction for breach of the conditions of said mortgage, at the South door of the Court House, of the County of Mohave, Arizona, situated in the town of Kingman, Arizona, at 12 noon, on March the 5th, 1903, all and singular the premises with all rights, titles and interests, and all property real and personal of every name and nature belonging to said Arizona and New England Consolidated Mining Co., conveyed by said mortgage deed, and therein described substantially as follows: "Name, all the left, title and interest which said Arizona and New England Consolidated Mining Company now holds and owns in and to the following property, to-wit: The SHEEP TRAIL, the SHEEP TRAIL No. 2, or fraction, the BOWDOWN, the REDHILL, the MINNIE, the MINNIE FRACTION, the MINNIE GULCH, the BOULEVARD, the LADY BRIGHT, the TUNNEL ENTRY MINING CLAIMS, and the BRYAN MINING CLAIM; also a certain mill and millsite situated on the Colorado River one (1) mile north of Bulls Head Canyon and known as the NIMROD MILLSITE, together with a certain spring of water near said mines, known as Woods Springs; as well as all personal property of every name and nature belonging to said party of the first part; all the above named claims being located in the San Francisco Mining District, County of Mohave, Territory of Arizona, and all being of record in the office of the County Recorder at Kingman in the said County of Mohave, Arizona.

These mining claims are what is known as the SHEEP TRAIL GROUP OF MINES, and are located about fourteen (14) miles northeast from the old town of Hardyville, in said county, and four (4) miles from Union Pass; for a more complete and full description of the property reference is hereby made to the records of said claims in the office of the County Recorder of said Mohave County.

The personal property alluded to consists substantially of the following:

One complete 20 hp imp quartz mill equipment consisting of tubular boiler feed pump and heater, 12"x30" Corliss engine, 18"x12" Union Crushers, 20, 1000 lb. stamps, plates, shifting belt, ore bins and chutes, scales, four (4) vanner concentrating tables, twenty ton cyanide plant, all complete with piping connections, pumps, etc., etc., together with a large steam pump and piping, tanks, etc., all of the above mentioned millsite on the Colorado River about one mile north of Bulls Head Canyon, together with corrugated iron mill building, boiler and engine house, cook and bunk house, complete assay office and miscellaneous small supplies.

And on the above mentioned Boulevard claim, a complete power plant consisting essentially of a new 48"x16 ft. tubular boiler, complete with all fittings; a 2"x12"x3" Knowles duplex feed pump, a 6"x8" double cylinder, clutch drum hoist, with 400 ft. cable, 36" sheave, ship with cover, rails, etc.; a class A Ingersoll compressor, 3 drill capacity with receiver, piping, etc., two 3/4" New Ingersoll drills with columns and hose piping complete, together with iron buildings, water tanks, bunk and cook houses, office and miscellaneous small supplies.

Of the above claims, the Sheep Trail, Lady Bright, Minnie, Red Hill and Boulevard claims are patented, mineral certificate No. 425, General Trust office No. 34598, recorded Vol. 350, pages 73 to 78 inclusive.

HAYDEN, STONE & CO.,
Trustees.

The undersigned, having been duly constituted and appointed true and lawful attorney for Hayden, Stone & Co., Trustees, hereby gives notice that he will be present personally in the town of Kingman, on or about March 2nd to meet any prospective bidders for the property, and will be pleased to show them the same and give any further details regarding the property and apparatus included in the sale.

He may be addressed before the date stated at 4 State Street, Boston, Mass., and after such date, care Messrs. Gaddis & Perry, Kingman.

(Signed) TIMOTHY W. SPRAGUE.
